The Best Value in Tablet Drop Protection

Product Description

The Samsung Galaxy® Tab and other tablets are revolutionizing the way kids learn. But educators are also learning that tablets just weren't built to survive the heavy handling of a classroom. That's why we designed the BlackBelt 1st Degree Rugged Case to meets military-grade testing protocols. It surrounds the Galaxy Tab 4 or Galaxy Tab 3 10.1 in a strong, cushioned layer of rubber for when the inevitable drops and bumps happen. The rubberized surface offers great grip so it's easy for kids to hold onto and prevents the tablet from sliding off a table or desk. All these features not only protect your investment, but also your greatest asset — learning time. One part of the Galaxy Tab that's particularly vulnerable is the corners, so the BlackBelt 1st Degree Rugged Case is designed with extra thick corner protection. A raised bezel helps prevent screen scratches, as does the included clear back protector. Even with all this protection, the BlackBelt 1st Degree provides access to all Galaxy Tab ports, controls and cameras for easy charging and syncing.
